<i>Legal regulation of protection of environment from noise emissions</i>			(8-5) preparing draft Law of Ukraine “On protection of population from noise ” At stage of elaboration. The Ministry of Justice performed the official translation of the text of the Directive 2002/49/EC of the European Parliament and of the Council of 25 June 2002 relating to the assessment and management of environmental noise that soon will be sent to the Ministry of the Nature Environment Protection. The official translation will facilitate the work on the drafting legal act on protection of the population from noise.	
			(8-6) Preparing draft legal act concerning protection from noise pollution caused by vehicles The Ministry of Transport and Communication of Ukraine considers unnecessary drafting the legal act on the protection from noise pollution caused by vehicles as Council Directive 70/157/EEC of 6 February 1970 on the approximation of the laws of the Member States relating to the permissible sound level and the exhaust system of motor vehicles is out-of-date. The Ministry of Justice had studied the efficiency of the Council Directive 70/157/EEC of 6 February 1970 and defined that last amendments was made on 23 September 2003. It means that it can't be considered as out-of-date. Moreover during the elaboration of the legal act on the appropriate level of noise and pollution caused by vehicles the Directive 2002/49/EC of the European Parliament and of the Council of 25 June 2002 relating to the assessment and management of environmental noise should be taken into account. It means that there are no reasons to consider legal act on the appropriate level of noise and pollution caused by vehicles unnecessary.	
			(12-18) preparing a sector regulatory - legal act on the establishment of rules and procedures with regard to introduction of noise-related operating restrictions in the airports <i>(from transport)</i> At stage of elaboration. Official translations of necessary acts of the EU are	

			received from the Ministry of Justice and the drafting of the legal act is continued.	
<i>Legal regulation of protection of ambient air from pollution</i>			(8-7) draft legal acts concerning control of the level of ozone in the air and limitation of pollutant emissions by large incinerating enterprises At stage of elaboration.
